RE: Uri, Inc. TCEQ Docket no. 2015-1268-UIC

Dear MS. Bohac:

Please be advised that I have submitted 2 hearing requests on the above referenced matter. One request was filed on 05/06/2013 and the most recent was filed this year. Both requests appear in the TCEQ Commissioners' Integrated Database-Comments Received. Please consider the content of both requests.

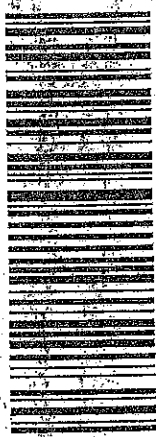

Also, I am requesting that the scope of the SOAH hearing, if granted, not be limited to the contamination of the Garcia Hill well ww-24 by URI but rather address the broader issue of the effect that URI uranium mining has had on water quality in the adjoining areas outside of the mining locations along with OTHER ISSUES that the SOAH Judge should consider when determining the scope of the hearing.

Thank you,

Eleuterio L. Saenz
